Sion Time Machine

What is the Sion Time Machine?

- Founded in 2019
- Collaboration between Archives,
 Médiathèque and Archéologie
- Digitizing large corpora:
 Recensements, compte de châtellenie, imprimés valaisans...

Goals

Studying the migration of people who lived in Valais. Where do they come from? When did they come to Sion?

Sion was already inhabited in 5500 BC. We want to include archaeology in our Time Machine.

Research
